SUMMARY

Results-oriented Web Developer with 2+ years of hands-on experience in Angular. Proficiency in HTML5, CSS3, JavaScript, Angular 15, Bootstrap, Tailwind CSS, Angular Material, Ag-Grid, Tabler.io., with expertise in debugging and troubleshooting using Chrome Developer Tools. Proven ability to handle diverse projects, ensuring client satisfaction by meeting their specific requirements. Possesses strong communication, problem-solving, and planning skills, capable of working both independently and collaboratively within a team.

EXPERIENCE

Angular Developer

Advanta Inc.

📅 04/2022 - 02/2024 📍 Mohali, PB

Managed Front-End Web development and gain expertise in Angular

- Implemented and maintained web applications using Angular12 frameworks, ensuring high performance and responsiveness.
- Developed and maintained reusable and efficient code for various components and modules using ag-grid, angular material.
- Conducted code reviews to ensure code quality, performance, and adherence to coding standards.
- Collaborated with backend team to integrate frontend and backend functionalities seamlessly.
- Worked with QA teams side by side to identify and address bugs, ensuring smooth deployment of applications.
- Assisted in the optimization and refactoring of existing code from Angular12 to Angular15 to improve application performance.
- Active member in team discussions, providing insights on best practices and emerging trends in Angular development.

Angular Trainee

Advanta Inc.

📅 01/2022 - 03/2022 📍 Mohali, PB

Gained practical experience in front-end development

- Assisted the development team in implementing and maintaining web applications using Angular frameworks.
- Worked on creating and maintaining code for various components and modules, focusing on reusability and efficiency.
- Engaged in code reviews under supervision to enhance coding skills and ensure adherence to quality standards.
- Collaborated with senior developers and backend teams to understand seamless integration of frontend and backend functionalities.
- Contributed insights and ideas in team discussions, gaining exposure to best practices and emerging trends in Angular development.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

SVIET, Patiala

📍 Patiala, PB

SKILLS

Web Development

HTML5

CSS3

Angular15

Javascript/ES6

Bootstrap5

TailwindCSS

Typescript5

RxJs

NgRx

Tabler.io

Ag-grid

Git

Github

Debugging Chrome Dev Tools

STRENGTHS

Web Development Expertise

Proficient in web technologies

Project Management

Able to manage projects effectively.

Collaboration and Communication Skills

Manage Dev And QA team member.

MY WORK

TaskManagement

Designed and implemented a robust task management feature for a project management tool. Key contributions include the integration of real-time updates, and used local Storage. Employed technologies such as Angular, TypeScript, Angular Material and RxJs to enhance the project's functionality and user experience.

WeatherApp

Developed a Weather Forecast application featuring dynamic weather information sourced from a third-party API. Utilized Angular, TypeScript, and RxJs to create an engaging and functional user experience.
