Ritesh Kumar

Angular Developer

+918210961014 ◇ riteshroshan.kumar6@gmail.com ◇ Mohali, Punjab, 160062, India ◇ linkedin.com/in/ritsh

SUMMARY

Results-driven Angular Developer with 2.5 years of hands-on experience in building dynamic web applications. Proficient in modern web technologies including Angular 15, HTML5, CSS3, and JavaScript, as well as frameworks like Bootstrap, Tailwind CSS, and Angular Material. Demonstrated expertise in debugging and troubleshooting using Chrome Developer Tools. Successfully managed diverse projects, consistently delivering high-quality solutions that meet client needs. Strong communicator with excellent problem-solving abilities, adept at working both independently and as part of a collaborative team.

EXPERIENCE

Angular Developer   Apr '24 — Oct '24
Softwiz Infotech   Mohali, India
Managed front-end team as a senior developer, integrating Azure Active Directory (AAD) for secure user authentication while ensuring effective communication with teams and accurate project delivery to clients.

- Led front-end team as a senior developer, integrating Azure Active Directory (AAD) for secure user authentication and managing authentication tokens for secure client-server communication.
- Implemented Angular Router for smooth navigation, utilizing PrimeNG and Nebular components to enhance the user interface and maintain a modern design.
- Coordinated with QA to ensure new features met acceptance criteria, upgraded PrimeNG, implemented Firebase for real-time user notifications, and added filters for multi-row reports, enabling data fetching directly from the frontend.

Angular Developer   Apr '22 — Feb '24
Advanta Inc   Mohali, India
As a Front-End Developer in my first role, I gained expertise in Angular 12 while implementing and maintaining product-based applications using AG Grid and Tailwind CSS. Collaborated with senior developers to gather requirements and deliver high-quality results, ensuring seamless project execution.

- Developed and maintained product-based applications using Angular 12, AG Grid, and Tailwind CSS, ensuring high performance and responsiveness.
- Collaborated with senior developers to gather requirements and deliver high-quality results, optimizing code for reusable components with Angular Material.
- Conducted code reviews to uphold quality standards and integrated frontend and backend functionalities in partnership with the backend team.
- Worked closely with QA teams to identify and resolve bugs, facilitating smooth application deployments.
- Assisted in upgrading and refactoring code from Angular 12 to Angular 15 to enhance application performance and participated in team discussions on best practices and emerging trends.

Angular Trainee   Jan '22 — Mar '22
Advanta Inc   Mohali, India
As an Angular Trainee, I gained practical experience in front-end development by assisting the team in implementing and maintaining web applications using Angular frameworks.

- Developed and maintained reusable and efficient code for components and modules.
- Participated in code reviews to enhance skills and ensure quality standards.
- Collaborated with senior developers and backend teams for seamless integration.
- Engaged in team discussions to learn best practices and emerging trends.
- Assisted in troubleshooting and debugging to enhance performance and user experience.

EDUCATION

Bachelor of Technology in Computer Science and Engineering, SVIET, Patiala   Patiala, India

SKILLS

Web Technologies   HTML5, CSS3, Angular15, Javascript/ES6, Typescript5
UI Frameworks   Bootstrap5, TailwindCSS, Angular Material, Primeng, Nebular UI
State Management   RxJs, NgRx
Development Tools   Git, Github, Debugging, Chrome Dev Tools
Cloud Services   Azure Active Directory
